RESPONSE TO NOTICE OF DRAWING INCONSISTENCY WITH SPECIFICATION

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In response to the Notice of Drawing Inconsistency with Specification issued on September 29, 2006, the following remarks are submitted.

The aforementioned Notice indicates that an inconsistency exists between the drawings in this application and the Brief Description of the Drawings in the specification. In particular, the Notice points out that Fig. 3 is listed in the Brief of Description of the Drawings, but is not contained in the drawings.

Based on the observations in the Notice, it is understood that the Substitute Specification previously submitted in earlier application No. 08/132,202 has been entered in this application as this substitute specification contains a reference to Fig. 3. Fig. 3 was submitted on July 25, 1994 in U.S. Application Serial No. 08/132,202, and was accepted by the Examiner on October 4, 1994.

Attached is a copy of Fig. 3 submitted in the earlier application.

Should any questions arise concerning this matter, the undersigned respectfully requests that he be contacted at the number indicated below.

Respectfully submitted,

BUCHANAN INGERSOLL & ROONEY PC
